OBJECTIVE

I am currently a fourth-year Software Engineering student at Saigon University, Ho Chi Minh. My studies have provided me with solid technical skills in software development and IT principles. I've gained hands-on experience in coding, debugging, and software design through collaborative projects and internships. Additionally, I work as a freelance graphic designer.

WORK EXPERIENCE

IT Support   **Jun 2023 - Jan 2024**
Rio Trading Company Limited

- Monitored and controlled the IT system daily to ensure a stable operation with a 70% uptime rate.
- Provided expert advice on software system maintenance resulting in a 20% increase in system efficiency for clients
- Resolved 80% of reported computer, PC, Wi-Fi, and Internet connectivity issues within 24 hours through repair and replacement of components.

Front End Developer Intern   **Jun 2024 - Aug 2024**
Prestige Construction Interiors Company Limited

- Develop and maintain user interfaces using HTML, CSS, JavaScript, and the React framework.
- Collaborate with designers and back-end developers to integrate designs and functionality.
- Conduct testing and debugging to ensure optimal performance and user experience.
